Device	Audio/hrs	Video/hrs
iPod nano	78	15
iPod classic	62	10
iPod touch	43	7
iPhone 3G & 3GS *up to 5 hours talk time	19	5

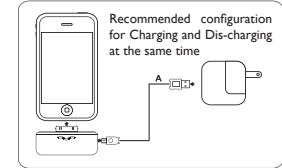

### Charging the ChargeBlock XL

**Note:** We recommend fully charging the ChargeBlock XL before first use.

Using the supplied USB cable, connect the small end into the USB connector of the ChargeBlock XL and the other end to a computer or USB power supply.

There are 6 blue LED lights that circle the device while it is charging, all 6 LEDs light up when charging is complete.

**Note:** Red LEDs "a", "b" & "c" do not light up during charging.

### Charging iPods/iPhones

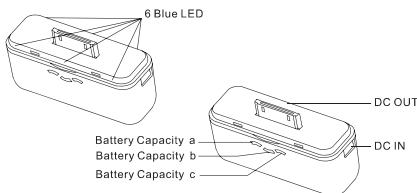

1. Connect the ChargeBlock XL to the dock connector on the bottom of the iPhone or iPod. A charging symbol should appear on the screen.
2. When in use, the 3 front LEDs display the remaining battery capacity as follows:
  - a. Battery capacity 75%-100%: three LEDs, "a", "b", & "c" are lit.
  - b. Battery capacity 30%-75%: LEDs "b" & "c" are lit.
  - c. Battery capacity less than 30%: LED "c" is lit.
  - d. Battery capacity 0% --- all LEDs are off.

### Note:

1. If your iPod's headphone jack is located next to the dock connector, the headphones cannot be used while the ChargeBlock XL is attached.
2. All LEDs light up when charging and discharging at the same time.

### Dis-charging

1. When charging and discharging the ChargeBlock XL at the same time, it is important to use a good power source.
2. Some USB ports on PCs may not be strong enough and may give an error message on the iPhone screen. In that case, we recommend using an AC wall charger with an output of 700mA or greater to charge the ChargeBlock XL.

**Note:** iPhone 3GS may get an error message when:

1. When the ChargeBlock XL's battery capacity approaches empty, or;
2. When the iPhone 3GS battery capacity approaches empty.

This message does not affect operation of your phone. If this happens either plug into a USB power source or disconnect and reconnect the ChargeBlock XL.

2

### Safety Precautions

1. Do not place the ChargeBlock XL in high temperatures or direct sunlight. Do not expose to liquids.
2. Never disassemble the ChargeBlock XL.
3. Keep ChargeBlock XL out of reach of children.
4. If liquid from ChargeBlock XL spills out, do not let it contact skin, clothes, or eyes. Flush affected areas immediately with clean water. In case of contact with eyes, hold open and flush with liberal amounts of water. If irritation develops or persists, contact a physician.

### Disposal

The ChargeBlock XL contains battery cells and must not be discarded with ordinary household waste. Contact your local recycling center for proper disposal instructions.

"Made for iPod" and "Made for iPhone," mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, respectively, and has been certified by the developer to meet Apple performance standards.
