

Battery Case

for iPhone® 3

The ChargeBlock case for iPhone 3 is a light-weight, air style battery case built specifically for the iPhone 3G and 3GS. Now you can combine the protection of a full-length case with the convenience of an extra battery for ultimate portability. You no longer have to worry about your iPhone running out of power or finding a place to recharge. The ChargeBlock case is the perfect iPhone accessory with its comfortable, non-slip grip and slim figure (less than 2 oz.). It is more than just a case with a battery, it has an integrated camera LED light for nighttime pictures and video. The ChargeBlock case also has a micro USB connector for charging and for syncing with iTunes.

Flip the power switch on the ChargeBlock and keep using your iPhone while it re-charges. Say goodbye to worries over a dead battery on long flights, road trips or commutes. Built-in smart technology protects your phone or device battery by preventing overcharging. Three blue LED lights signal remaining battery capacity and charging status.

Package includes ChargeBlock case, User manual and USB cable.
