

Portable Battery Charger

The ChargeBlock for iPad was specifically designed to fast charge the iPad and iPad 2 at (2.1amp). The ChargeBlock for iPad is the ultimate companion for your travels, at 8200MAH it stores enough juice for days of use. Yet small enough to easily slide into your briefcase, carry on, purse or backpack. This means you can charge your iPad in a few hours anywhere you need it. In addition the ChargeBlock will also charge just about any type of mobile device, simply connect and keep using it while it recharges.

Say goodbye to worries over a dead battery on long flights, road trips or commutes, simply flip the power switch and keep using your device while it recharges. On one side you can charge anything that uses USB for power such as iPad, iPad 2, Xoom, Playbook, iPhone, iPod, Droid, EVO, Nexus, Galaxy, Digital Cameras and GPS. On the other side the 12V output means you can charge even charge Portable DVD players, Netbooks, PSP and more. Built-in smart technology protects your device battery by preventing overcharging and the three integrated LED lights signal battery activity. Simplify your mobile lifestyle.

Package includes: ChargeBlock for iPad, USB cable with changeable tips for Mini & Micro USB, Nokia, LG, Motorola, iPod, iPad 2. 12VDC cable with changeable tips for PSP, DVD, GPS. AC Wall adapter, Carry Bag & User Manual.
